SPECIAL ITEM - 40 MPH B3047

The Chairman introduced Cllr. Nick Adams-King, Cabinet Member Highways, HCC
 The Vice-Chairman Cllr. Mark Allen gave details of the SID information and Cllr. Edward Hutton followed this up with some further information. Members discussed the change of speeds from Alresford to BS and BS to the A31 roundabout and the blind access from Mill Lane.

Cllr. Adams-King pointed out that in the past a change to a speed limit was dependent upon whether serious accidents had occurred on the stretch of road. He considered that the Alresford end was the easiest to change, however any change to the speed limit was dependent on the police supporting it and also whether it could be enforced.

He stated that he would speak to the Road Safety Team at HCC. The cost would be around £10,000 for legal and signage. The police will not divulge speed data to a Parish Council but will give it to the County Council.

Cllr. Adams-King will talk to colleagues and come back to the PC with why it cannot be done or what the PC needs to do to improve the position.

The Chairman and Cllr. Hutton will prepare a paper to forward to Cllr. Adams-King.

Cllr. Isaacs explained that Officers had walked the footpath between BS and Alresford and therefore knew the problems. She was awaiting final costings and what length can be refurbished/improved.
