Cart and Horse Junction - Along with all my other fellow Cllrs, I have lent my support to trying to get this junction assessed. I attended a meeting with key members of Itchen Valley Parish Council with my fellow ward Cllrs and agreed actions of asking for support on this from other Parish Council. I have informed Cllr Nick Adams-King of the meeting as lead portfolio holder for Highways and Jackie as the lead for County is obviously taking lead on this. As many other residents I too drive across this junction and am equally concerned about the safety aspects of this esp following the sad news of a fatality recently. I will be supporting as best I can.

Bishop's Sutton Foot Path

Although we have already some agreed funding, following my site visits with officers and latterly the lead portfolio holder Cllr Nick Adams-King, another request for LTP funding has been submitted. The next time the board meet will be early December so we should know more then.

2022 Halloween Charity Event -

Despite the dreadful weather, 100s of people turned up to support our charity Halloween event that My husband and I run every year. The monies raised will go to support local charity The Alresford Pigs and also the anti-bullying work of The Dianna Award.

Council Residents Repair

issues - Further to my last report on repairs, I have identified an

issue with O.T. assessments and installation of equipment that had been approved and these authorisations getting back to the departments to authorise the fitting. It has been raised for investigation and hopefully we can resolve this. Please do contact me if anyone is having problems.

Alresford Public Toilets - Delighted to report that the refurbishments will now be taking place and hopefully visitors and resident can get back to using them if the need arises.

Arrival of Father Christmas - I have been liaising with WCC officers and the Chair of the Father Christmas arrival committee to help clear the way for approval of the needed Traffic Management Plan. Hopefully any obstacles have now been removed and everyone can look forward to receiving updates on Late night shopping and the arrival of Father Christmas on Wednesday 7th as originally planned. I am sure the Alresford Pigs will be updating everyone on this arrival once all the paperwork has finally been agreed.

Water saving scheme - reminder

A new incentive scheme, launched by Southern Water, is offering money off your business bills in return for saving water. Under the 'You Save, We'll Pay' scheme, you can receive a discount of 10%, 20% or 25% of your wholesale water charges if they save the equivalent

amount of water in September, October and November this year (compared to 2019 average usage pre-covid).
